HOW MUCH TIME I NEED TILL PERMANENT RESIDENCE STATUS?

On average you need five years + processing time to obtain your Permanent Status.

With this status in hand you no longer need to run a company. This Residence Permit is irrevocable and allows you to stay as long as you like, provided you keep your valid residence Address

Please Consider if you really need the new nationality.

In many cases the status of Permanent Residence is enough. You do not need to take the exam in the language nor give up your current nationality. Your family gets the same status, so kids can learn the language and apply for passport in due time.

WHEN CAN I GET PASSPORT?
